Overview. 747 is mainly a close-quarter combat orientated map (although snipers may be present on the roof and the outside of the airport and plane). Thus, many players and bots will use the Leone 12 Gauge Super, Leone YG1265 Auto Shotgun, M249, Flashbangs, Submachine guns, and the Tactical shield. Sniper rifles are recommended when engaging enemies outside the plane since there is a lot of open space.

However, if you are discussing, for example, the historical context in which the episode originally aired, you should cite the full date. Because you are specifying the date of airing, you would then use WB Television Network (rather than Mutant Enemy), because it was the network (rather than the production company) that aired the episode on the date you're citing.
