According to the Collins English Dictionary, the ledger is "the principal book in which the commercial transactions of a company are recorded.". Before the days of accounting software, bookkeepers and accountants actually kept physical books, and each ledger was a separate physical book.. However, times have changed. And a simpler definition is probably more appropriate now too.

"From the former U.S. Assistant Secretary of Education, "whistleblower extraordinaire" (The Wall Street Journal), one of the foremost authorities on education and the history of education in the United States, author of the best-selling The Death and Life of the Great American School System: The Language Police ("Impassioned . . . Fiercely argued . . . Every bit as alarming as it is illuminating" --The New York Times); and the now-classic Great School Wars: A History of the New York City Public Schools--an incisive, comprehensive look at today's American public schools that argues persuasively against those who claim our public school system is broken, beyond repair, and obsolete; an impassioned but reasoned call to stop the rising "privatization movement" draining students--and funding--from our public schools, a book that puts forth a detailed plan of what needs to happen to schools and with public policy to insure the survival of this American institution so basic to our democracy"--
