Assimilation Love And Other Human Oddities

The word "should" is responsible for more hurt than any other word — even for oneself. Both hurt and love are irrational and not completely controllable. Give them that respect, and allow yourself and others to be human. Trust is a feeling. The feelings that you have are based on your own experience. They aren't wrong.

Assimilation, in anthropology and sociology, the process whereby individuals or groups of differing ethnic heritage are absorbed into the dominant culture of a society. The process of assimilating involves taking on the traits of the dominant culture to such a degree that the assimilating group becomes socially indistinguishable from other members of the society.
