Building A Gas Fired Crucible Furnace by David J. Gingery
I have decided I will go with David Gingery's project called, "Building a Gas Fired Crucible Furnace". I will detail my experience here for those of you that might want to try a similar project. My reasoning for this particular design was that I like the side approach to the crucible and the ease of which it looks like it is constructed.

David J. Gingery. Designed especially for the home shop foundry. Very quiet in operation. Easy to light and simple to operate. The body and lid raise for safer crucible handling. Operates on natural or bottled gas.

Building a Gas Fired Crucible Furnace: David J. Gingery ...

1. Feed a steel pipe or burner through the side hole of the furnace. The kind of pipe you use depends on what you want to use for your fuel source. If you want to use charcoal inside of your furnace, then put a 12 in (30 cm) steel pipe that has a diameter of 1 in (2.5 cm) through the hole.
