Sparkling with a wit and grandeur eminently suited to its larger-than-life subject, Jenkins's monumental tome is the most accessible one volume account of Churchill yet written.

Churchill by Roy Jenkins | Waterstones

Roy Jenkins, a great statesman in his own right, wrote before his death a mega biography of this great man, without any nuances; Churchill was unpopular and considered crassly ambitious and arrogant in his political life from 1903 to 1939. Even then, he was considered a dangerous warmonger. In 1945, the voters luckily remembered who he was in

Churchill by Roy Jenkins - Goodreads

Roy Jenkins macht Winston Churchill erlebbar und, soweit das überhaupt möglich ist, begreifbar. Für nichtbritische Leser besonders nützlich sind seine Erläuterungen des britischen Wahlsystems und seiner Konsequenzen wie zum Beispiel der lange Zeit vorgeschriebenen Nachwahlen, denen sich ein Abgeordneter stellen musste, wenn er Regierungsmitglied wurde. Natürlich ist Roy Jenkins Churchill ...

Acclaimed historian Roy Jenkins presents a comprehensive biography of Winston Churchill, an icon of modern history, from his childhood to the critical World War II period and beyond—a New York Times bestseller. “This is a first class, well-sustained work of history and a masterpiece of biography... It will be a brave, not to say foolhardy, author who attempts to write another life of Churchill for at least a decade, perhaps longer.”—Andrew Roberts, Sunday Telegraph

Roy Jenkins combines unparalleled command of British political history and his own high-level government experience in a narrative account of Churchill's astounding career that is unmatched in its shrewd insights, its unforgettable anecdotes, the clarity of its overarching themes, and the author's nuanced appreciation of his extraordinary subject. Exceptional in its breadth of knowledge and distinguished in its stylish wit and penetrating intelligence, Churchill is one of the finest political biographies of our time.

Provides a glimpse into the extraordinary life of Britain's greatest prime minister, recreating his many accomplishments, trials, and tribulations throughout his life that contributed to his success.

From the New York Times bestselling author of Churchill, a towering historical biography, available for the first time in paperback. William Gladstone was, with Tennyson, Newman, Dickens, Carlyle, and Darwin, one of the stars of nineteenth-century British life. He spent sixty-three of his eighty-nine years in the House of Commons and was prime minister four times, a unique accomplishment. From his critical role in the formation of the Liberal Party to his preoccupation with the cause of Irish Home Rule, he was a commanding politician and statesman nonpareil. But Gladstone the man was much more: a classical scholar, a wide-ranging author, a vociferous participant in all the great theological debates of the day, a voracious reader, and an avid walker who chopped down trees for recreation. He was also a man obsessed with the idea of his own sinfulness, prone to self-flagellation and persistent in the practice of accosting prostitutes on the street and attempting to persuade them of the errors of their ways. This full and deep portrait of a complicated man offers a sweeping picture of a tumultuous century in British history, and is also a brilliant example of the biographer's art.

"We are all worms. But I do believe I am a glow-worm." --Churchill

Winston Churchill's inspiring leadership in the Second World War once made him above criticism. In recent years his record has come under attack from revisionists. In Churchill: A Study in Greatness one of Britain's most distinguished historians rebuts these charges and makes sense of this extraordinary man and his long controversial, colourful, contradictory and heroic career. Geoffrey Best brings out both his strengths and his weaknesses, looking past the many received versions of Churchill in a biography that balances the private and the public man and offers a clear insight into Churchill's greatness.

Winston Churchill's inspiring leadership in the Second World War once made him above criticism. In recent years his record has come under attack from revisionists. In *Churchill: A Study in Greatness* one of Britain's most distinguished historians rebuts these charges and makes sense of this extraordinary man and his long controversial, colourful, contradictory and heroic career. Geoffrey Best brings out both his strengths and his weaknesses, looking past the many received versions of Churchill in a biography that balances the private and the public man and offers a clear insight into Churchill's greatness.

Roy Jenkins was a dominating figure in British politics across the four decades before his death in 2003, with an impact and legacy greater than many prime ministers of the period. His name is synonymous with the rise of the liberal society in the 1960s and beyond, and with the development of progressive social democratic politics spanning the forty years between the death of his mentor Hugh Gaitskell and the premiership of his friend - and some would say protégé - Tony Blair. These essays, by friends and associates of Roy Jenkins from every phase of his life, chart his remarkable career with insight, anecdote and empathy. Each contributor writes from a close relationship with their subject, and with unique authority. They bring to life the 1960s 'Iron Chancellor' the model progressive Home Secretary under Wilson and Callaghan; the first (and only) British President of the European Commission; the pioneer of the Social Democratic Party and much of the reshaping of British politics in the 1980s and 1990s; the friend and mentor of Tony Blair; the Chancellor of Oxford University; and the acclaimed author and biographer, whose best-selling Churchill appeared more than fifty years after his first biography of Clement Attlee. The authors also recreate the remarkable circle of partisans and devotees, from politics and beyond, which surrounded Roy Jenkins from the mid-1960s until his death. At the heart of the Establishment, yet among its most effective reformers and critics; a son of the valleys who became a connoisseur of the best things in life, he was an object of the deepest loyalty and the fiercest antipathy - and among the most caricatured and celebrated figures of the day. This book is a testament to one of the most fascinating public figures of the post-war era.

A masterly work by the New York Times bestselling author of Churchill and Gladstone A protean figure and a man of massive achievement, Franklin Delano Roosevelt was the only man to be elected to the presidency more than twice. In a ranking of chief executives, no more than three of his predecessors could truly be placed in contention with his standing, and of his successors, there are so far none. In acute, stylish prose, Roy Jenkins tackles all of the nuances and intricacies of FDR's character. He was a skilled politician with astounding flexibility; he oversaw an incomparable mobilization of American industrial and military effort; and, all the while, he aroused great loyalty and dazzled those around him with his personal

Download Free Churchill Roy Jenkins

charm. Despite several setbacks and one apparent catastrophe, his life was buoyed by the influence of Eleanor, who was not only a wife but an adviser and one of the twentieth century's greatest political reformers. Nearly complete before Jenkins's death in January 2003, this volume was finished by historian Richard Neustadt.

In his time, Harry S. Truman was one of the most under-rated presidents of the twentieth century. Succeeding the charismatic Roosevelt, he was often seen as an uninspiring leader, a poor diplomat and a fumbling politician. He was the first man to authorise the use of nuclear weapons, and was in office at the time when the multiplicity of hopes which arose at the end of the Second World War were inevitably disappointed. Nothing could be further from Roy Jenkins' view of him. This is the first biography of Truman to be written by an author with anything approaching the subject's own range of political experience, and Roy Jenkins brings to this book a quality of appreciation of Truman's political skills which has not been seen before. It is also the first biography to be written by a British author, giving it a new objectivity on the international affairs which occupied so much of Truman's presidency and by which he must be judged.

First published in 1989, this diary provides the background to two vital issues: our relations with the European Community and the state of politics in Britain. Few people are better qualified to know how we arrived where we are than Roy Jenkins. During the period of this diary he was President of the European Commission. The diary provides a picture of the day-to-day life of the head of an international organization, of the conflicting pressures and grinding routine, of the importance of personal relationships with world leaders such as Helmut Schmidt, Valéry Giscard d'Estaing, James Callaghan, Margaret Thatcher, Willy Brandt, Jean Monnet and Jimmy Carter. In addition to the political chronicle we have frank and sometimes unguarded revelations about the author, his tastes and preoccupations, from which emerges a man more imbued with public passion, more eccentric and with a more varied private life than many readers may expect. His subtle perception of people is revealed in brilliant portraits of, for example, Schmidt, pessimistic, streaked with melancholy, indiscreet and yet notably constructive, and Giscard d'Estaing, highly intelligent but with pretensions that sometimes make him faintly ludicrous. For those concerned with the way the world is developing and the impact of a civilized and essentially private personality on public events, *European Diary* is compulsory reading.

From the New York Times bestselling author of *Churchill*, a towering historical biography, available for the first time in paperback. NEW YORK TIMES BESTSELLER One of The Wall Street Journal's Ten Best Books of 2018 One of The Economist's Best Books of 2018 One of The New York Times's Notable Books of 2018 "Unarguably the best single-volume biography of Churchill . . . A brilliant feat of storytelling, monumental in scope, yet put together with tenderness for a man who had always believed that he would be Britain's savior." -Wall Street Journal In this landmark biography of Winston Churchill based on extensive new material, the true genius of the man, statesman and leader can finally be fully seen and understood--by the bestselling, award-winning author of Napoleon and The Last King of America. When we seek an example of great leaders with unalloyed courage, the person who comes to mind is Winston Churchill: the iconic, visionary war leader immune from the consensus of the day, who stood firmly for his beliefs when everyone doubted him. But how did young Winston become Churchill? What gave him the strength to take on the superior force of Nazi Germany when bombs rained on London and so many others had caved? In Churchill, Andrew Roberts gives readers the full and definitive Winston Churchill, from birth to lasting legacy, as personally revealing as it is compulsively readable. Roberts gained exclusive access to extensive new material: transcripts of War Cabinet meetings, diaries, letters and unpublished memoirs from Churchill's contemporaries. The Royal Family permitted Roberts--in a first for a Churchill biographer--to read the detailed notes taken by King George VI in his diary after his weekly meetings with Churchill during World War II. This treasure trove of access allows Roberts to understand the man in revelatory new ways, and to identify the hidden forces fueling Churchill's legendary drive. We think of Churchill as a hero who saved civilization from the evils of Nazism and warned of the grave crimes of Soviet communism, but Roberts's masterwork reveals that he has as much to teach us about the challenges leaders face today--and the fundamental values of courage, tenacity, leadership and moral conviction.
