~~What is Public Liability Insurance? - Business Insurance~~

Liability insurance is a part of the general insurance system of risk financing to protect the purchaser from the risks of liabilities imposed by lawsuits and similar claims and protects the insured if the purchaser is sued for claims that come within the coverage of the insurance policy. Originally, individual companies that faced a common peril formed a group and created a self-help fund out of which to pay compensation should any member incur loss. The modern system relies on dedicated carrie

A liability risk is a vulnerability that can cause a party to be held responsible for certain types of losses. Put another way, it is the risk that an individual or business will take an action that causes bodily injury, death, property damage, or financial loss to 3rd parties. When this happens, the affected 3rd party will have the option to sue the allegedly responsible party and exercise civil remedies.
