Crossing the Chasm is one of those books that you neglect reading at your peril. Geoffrey Moore has studied that crucial phase in market penetration where any business needs to scale beyond the early adopters to mainstream customers. The market adoption curve illustrates 5 categories of market adopters:

The bible for bringing cutting-edge products to larger markets--now revised and updated with new insights into the realities of high-tech marketing. In Crossing the Chasm, Geoffrey A. Moore shows that in the Technology Adoption Life Cycle--which begins with innovators and moves to early adopters, early majority, late majority, and laggards--there is a vast chasm between the early adopters and the early majority. While early adopters are willing to sacrifice for the advantage of being first ...

~~Crossing the Chasm, 3rd Edition: Marketing and Selling~~ Essentials

From a marketing perspective, crossing the chasm is a move from the early market visionaries who care about the product to the mainstream market pragmatists who care about the market. The organization must shift from marketing using product-centric attributes like speed, configuration and functionality to marketing based on market-centric values like market leadership and third-party support.
