APA style is a writing style and format for academic documents such as scholarly journal articles and books. It is commonly used for citing sources within the field of behavioral and social sciences. It is described in the style guide of the American Psychological Association, which is titled the Publication Manual of the American Psychological Association. The guidelines were developed to aid reading comprehension in the social and behavioral sciences, for clarity of communication, and for "wor

resources to help you improve your writing, master APA Style, and learn the conventions of scholarly publishing.

## APA Style

With each new edition of the Publication Manual there is a transition period, in which authors continue to submit journal articles and students continue to write papers in the previous edition's style. We recommend that editors and instructors make the switch and adopt the seventh edition Publication Manual in January 2020 or thereafter.
