The research reported in *Caught in the Act* draws together the insights gained from a continuous professional development initiative for high school mathematics teachers, teaching in low socio-economic status and socially challenged environments in South Africa. The chapters show the possibilities for enhancing achievement in school mathematics if a strength-based approach is adopted to develop teaching with teachers and when their concerns are taken seriously. The book demonstrates that the ecological relevance – fitness for the context in which teachers are teaching – of the “goods” developed and distributed by initiatives should be a major consideration to offer hope for sustainable implementation to improve school mathematics education. The book is of interest to mathematics teachers, school leaders, mathematics curriculum advisors, policy makers and researchers.

5 Practice Sets for SAT, MAT & LCT - NTSE Stage 1 contains 5 Practice Sets as per the latest pattern for each of the 3 parts - SAT, MAT & LCT. The detailed Solutions are provided for all the sets.
