Back in Bible times, false gods were easy to identify. Baal, Molech, Ashtoreth, Chemosh, Artemis, and others are all present in the pages of Scripture as gods competing for devotion to the God of Israel. In todays day, these names don't really seem to pop up quite as much. But don't be fooled—just because we don't use the same names for false gods doesn't mean our culture doesn't have any.

They included Re, creator sun god; Isis, goddess of magic; Osiris, lord of the afterlife; Thoth, god of wisdom and the moon; and Horus, god of the sun. Oddly, the Hebrews were not tempted by these gods during their 400+ years of captivity in Egypt.

I think “false gods” in our world today is thinking there is security in anything else other than our Lord Jesus Christ. Some examples are thinking there is security in money, possessions, insurance policies, stocks, bonds, other people. It’s hard to let go of these things, but only when we do, we find that we are truly free in Christ.

A false god is, in some monotheistic religious denominations, the deities of pagan religions – as well as other competing entities or objects to which particular importance is attributed. Conversely, polytheistic pagans may regard the gods of various monotheistic religions as "false gods" because they do not believe that any real deity possesses the properties ascribed by monotheists to their sole deity.

Anunnaki: False Gods extends Zecharia Sitchin's translations from clay tablets that underlie the Bible. Ten thousand years ago, scribes in ancient Sumer (Iraq) wrote on these tablets what they said the Anunnaki gods (tall people from the sky) dictated. Sitchin asked Dr. Lessin to keep public attention on his legacy by creating an educational program. The Anunnaki are Homo sapiens like us but who live hundreds of thousands of years. They said they rocketed to Iraq 450,000 years ago from a planet called Nibiru to harvest gold to send back (via Mars) to Nibiru to

powder into an atmospheric shield. They mined abundant gold in Africa until, 300,000 years ago, their miners mutinied. To replace the mutineers, Anunnaki geneticists created short-lived slaves, called Adamites, adapted from their own genome but modified with a bit of clay, copper and genes from an intelligent hominoid, Homo erectus (Bigfoot's ancestor) already living in Africa. Two hundred thousand years ago, Enki, their Chief Scientist, begat a line of Earthlings called Adapites with two Adamite girls. Fifty thousand years ago Enki and an Adamite beauty begat Noah, who carried Enki's longevity genes and ruled the Iraqi city of Sharuppak. Enki saved Noah and many of his subjects from the Deluge of 13,000 years ago. The Anunnaki had Noah's people and other flood survivors proliferate and build cities in the Middle East and Egypt with up to 50,000

inhabitants. The Anunnaki ruled the new civilizations as gods with descendants of Noah's sons as intermediaries. The Anunnaki gave us the best and the worst of planet-wide civilization--kings, historians, taxes, temples, priests, bicameral congresses, record-keeping, law codes, library catalogs, furnaces, kilns, wheeled vehicles, paved roads, medicines, cosmogony, cosmology, festivals, beer, food recipes, art, music, music instruments, music notes, dance, textiles, and multicolored apparel. Sumerian schools taught mathematics, architecture, theology, writing, grammar, botany, zoology, geography. They displayed but did not pass on a world-wide energy grid, air, submarine and interplanetary transport vehicles and advanced computers. They also gave us hierarchy, misogyny, violence, greed, slavery, debt and war that featured genocide and weapons of mass

destruction. In 2024 BCE Anunnaki ruined their eastern Mediterranean cities with nuclear blasts and fallout storms. Most of the Anunnaki returned to Nibiru by 311 BCE. But some stayed. They and their descendants (the power elite) rule us to this day. They and their spawn created and perpetuate exclusive, hostile nations and religions to keep us divided. They addicted us to credit institutions to keep us slaving. Their tales of their stay on Earth before they made our ancestors, as well as what our forefathers directly saw, imprinted us with the values of their hierarchic, male-run, master-slave-enemy mentality. We assumed values of extraction, pollution, monetary monopoly and obsession with gold. Fortunately, the Lessins contend, the genetics team that created us also gave us the capacity and preserved the histories Sitchin and others translated so we can overcome the

run on your journey with Jesus toward every believer's goal, final perfection after death. Notice the following review by Rev. Jack Stulp, retired pastor and home-missions administrator: "Having read 'Overcome Modern Idols,' I appreciate that it's not merely a collection of the author's opinions. It is full of Scripture that is quoted and is expounded. Author Leiter is impressed with our Lord's wisdom and seeks to share it." "This book does not take the common approach of naming things that people accept as idols, like money. Reflecting much thinking and meditation, this book gets us to think of ways that people come up with distorted and wrong ideas of what God is like and then worship these distorted concepts, which are false gods. I found it helpful and am pleased to recommend this book to others." The following review is from Judy Dunnagan, a Moody Publishers editor: "We can tell

The issue of idolatry has been with the human race for thousands of years; the subtle temptation is always to take what is good and turn it into the ultimate good, elevating it above all other things in the search for security and meaning. In this timely and challenging book, New York pastor Timothy Keller looks at the issue of idolatry throughout the Bible -- from the worship of actual idols in the Old Testament, to the idolatry of money by the rich young ruler when he was challenged by Jesus to give up all his wealth. Using classic stories from the Bible Keller cuts through our dependence on the glittering false idols of money, sex and power to uncover the path towards trust in the real ultimate -- God. Today's idols may look different from those of the Old Testament, but Keller argues that they are no less damaging. Culturally transforming as well as biblically based, COUNTERFEIT
