Finders Keepers**Finders Keepers Belinda Bauer**

What is there to say, another brilliant book by Belinda Bauer, the perfect balance of tension,caring but tight description and a plot that keeps you turning the pages until the wee small hours. Having read the others in this series, it was great to go back to the dark moors and the village of Shipcott.

Finders Keepers is the third book in a trilogy set in a rural area in England close to Exmoor National Park. Really enjoyed the first two books, but when I hit the 2/3 mark of Finders Keepers the story went in a direction that does not work for me. The two star is a personal enjoyment ranking, not a reflection of Belinda Bauer's writing. I'll continue to seek out books by her.

Belinda Bauer's third book represents a remarkable achievement: almost a return to the good old Victorian triple-decker novel of suspense, but created with a deftness that allows each book to stand alone.

The people of Shipcott have been through a lot in the first three of Belinda Bauer's books and I presume this particular series will not be continued further. "Finders Keepers" seems to offer some closure for the reader with regard to the bleak village and inhabitants of Shipcott and a satisfying conclusion.

Finders Keepers I found the book to be spoilt by the depiction of the police investigating the case being akin to the kind of "Plod" resembling Dixon of Dock Green. Children are going missing, right under their noses, in a small village type setting, and the police appear oddly detached and sit about waiting for the next child to be taken basically, again right under their noses. This gave the ...

A spine-tingling, edge-of-your-seat thriller about an alarming killing spree in southwest England from the CWA Gold Dagger Award-winning author. The eight-year-old boy had vanished from the car and—as if by slick, sick magic—had been replaced by a note on the steering wheel: “You don’t love him.” At the height of summer a dark shadow falls across Exmoor, as children begin to disappear, with each disappearance marked only by a terse, accusatory note. There are no explanations, no ransom demands, and no hope. Policeman Jonas Holly (a character returning from Bauer’s first two novels) faces a precarious journey into the warped mind of the kidnapper if he’s to stand any chance of catching him. But—still reeling from a personal tragedy—is Jonas really up to the task? There are some who would say that, when it comes to being the first line of defense, Jonas Holly may be the last man to trust. “Finders Keepers has an enjoyably creepy premise . . . Bauer’s villain, incidentally, is one of the oddest in detective fiction: what he does with his victims is utterly weird.” —The Guardian

In bleak midwinter, the people of Shipcott are shocked by the murder of an elderly woman in her bed. As snow cuts off the village, local policeman Jonas Holly is torn between catching a brutal killer and protecting his vulnerable wife, Lucy. When the inquiry is commandeered by an abrasive senior detective, Jonas finds himself derided by his colleagues and ashamed to admit to Lucy that he’s been sidelined. It seems his first murder investigation may be over before it’s begun. But when he receives a series of increasingly sinister anonymous notes, Jonas is thrust back into the center of the case. Someone in the village is taunting him, blaming him for the tragedy. Someone thinks he’s not doing his job; someone seems to know every move he makes. And soon Jonas has to ask: Who’s hunting who?

“Breathtaking. I read this and wished I’d written it.”—Val McDermid Belinda Bauer is a phenomenal voice in British crime fiction, whose work has won the CWA’s Gold Dagger Award for Crime Novel of the Year and garnered rave reviews on both sides of the Atlantic. Winner of the 2014 Theakstons Old Peculier Crime Novel of the Year Award, *Rubbernecker* is a gripping thriller about a medical student who begins to suspect that something strange is going on in this cadaver lab. “The dead can’t speak to us,” Professor Madoc had said. But that was a lie. The body Patrick Fort is examining in anatomy class is trying to tell him all kinds of things. But no one hears what he does, and no one understand when he tries to tell them. Life is already strange enough for Patrick—being a medical student with Asperger’s Syndrome doesn’t come without its challenges. And that’s before he is faced with solving a possible murder, especially when no one believes a crime has even taken place. Now he must stay out of danger long enough to unravel the mystery. But as Patrick learns one truth from a dead man, he discovers there have been many other lies closer to home. A can’t-put-it-down page-turner from one of the finest voices in UK crime, *Rubbernecker* puts Belinda Bauer firmly on the map of world-class crime writers. “An intelligent, disturbing read.”—The Guardian (UK)

A taut and chillingly atmospheric debut that signals the arrival of a bright new voice in psychological suspense and "a brilliant analysis of an exceedingly twisted mind" (Chicago Tribune). Eighteen years ago, Billy Peters disappeared. Everyone in town believes Billy was murdered—after all, serial killer Arnold Avery later admitted killing six other children and burying them on the same desolate moor that surrounds their small English village. Only Billy’s mother is convinced he is alive. She still stands lonely guard at the front window of her home, waiting for her son to return, while her remaining family fragments around her. But her twelve-year-old grandson Steven is determined to heal the cracks that gape between his nan, his mother, and himself. Steven desperately wants to bring his family closure, and if that means personally finding his uncle’s corpse, he’ll do it. Spending his spare time digging holes all over the moor in the hope of turning up a body is a long shot, but at least it gives his life purpose. Then at school, when the lesson turns to letter writing, Steven has a flash of inspiration... Careful to hide his identity, he secretly pens a letter to Avery in jail asking for help in finding the body of "W.P."—William "Billy" Peters. So begins a dangerous cat-and-mouse game. Just as Steven tries to use Avery to pinpoint the gravesite, so Avery misdirects and teases his mysterious correspondent in order to relive his heinous crimes. And when Avery finally realizes that the letters he’s receiving are from a twelve-year-old boy, suddenly his life has purpose too. Although his is far more dangerous...

A teenage boy hunts for his mother’s killer in this Man Booker Prize-longlisted novel by “the true heir to the great Ruth Rendell” (Mail on Sunday, UK). Just before Jack’s mother disappeared up the road to get help, she put the eleven-year-old boy in charge of his two sister. As they wait for her on the shoulder of the road in their stifling, broken-down car, the three children bicker, whine and play I-Spy. But their mother never comes back. And after that long, hot summer’s day, nothing will ever be the same again. At fifteen-years-old, Jack is still in charge—supporting his sisters any way he can while evading social services. Meanwhile, a young woman across town wakes to find a knife beside her bed, and a note reading I could of killed you. The police are tracking a mysterious burglar they call Goldilocks, for his habit of sleeping in the beds of the houses he robs. But the woman doesn’t see the point of involving the police. And Jack, very suddenly, may be on the verge of finding out who killed his mother. The Gold Dagger Award-winning author of *Blacklands* reaffirms her reputation for masterful, twisty crime fiction with this “unnerving suspense novel” (Marilyn Stasio, The New York Times).

A heart-stopping thriller from the award-winning crime fiction author whose “novels are almost indecently gripping and enjoyable” (Sophie Hannah, New York Times–bestselling author). Belinda Bauer is a British crime writer of the highest caliber, whose smart, stylish novels have captivated readers and reviewers on both sides of the Atlantic and earned her a reputation as “the true heir to the great Ruth Rendell” (The Mail on Sunday). The Beautiful Dead is a riveting narrative centered on a down-on-her-luck journalist and a serial killer desperate for the spotlight. TV crime reporter Eve Singer’s career is flagging, but that starts to change when she covers a spate of bizarre murders—each one committed in public and advertised like an art exhibition. When the killer contacts Eve about her coverage of his crimes, she is suddenly on the inside of the biggest murder investigation of the decade. But as the killer becomes increasingly obsessed with her, Eve realizes there’s a thin line between inside information and becoming an accomplice to murder—possibly her own. “Bauer’s novel unfolds like an episode of Criminal Minds, with rapid-fire plotting.” —Entertainment Weekly

A desperate woman hopes a psychic can help find her son in “this intricate, surprise-filled crime novel” from the CWA Gold Dagger Award–winning author (Publishers Weekly, starred review). Five footprints are the only sign that four-year-old Daniel Buck was ever here. They’re all his mother has left. Every day, Anna Buck guards the little prints in the cement. Polishing them to a shine. Keeping them safe. Spiraling towards insanity. With little help or hope coming from the police or her husband, James, Anna is looking for any opportunity that may lead to finding her son. So when a woman tells her she’s found a “shut eye”—a true psychic—Anna grasps at it. Maybe he can tell her what happened. But her meeting with the psychic is not at all what she suspected . . . Matching breathtaking suspense with a keen exploration of skepticism in the face of the unexplainable, The Shut Eye is a “very satisfying” crime thriller that will have readers “rushing to the final pages” (TheIndependent). “A standout.” —Publishers Weekly, starred review

From the CWA Gold Dagger Award–winning author of Blacklands: A “gripping, unsettling” thriller about a young British girl coming face-to-face evil (Bella). On the beaches and cliffs of North Devon, England, vulnerable women have become the victims of a series of shocking crimes. Forced to strip naked and then call their families to say goodbye, they are the losers in a madman’s cruel and deadly game . . . At the age of ten, Ruby Trick knows little of the horrors of the world. Her fears are much closer to home: school bullies, the dark forest that surrounds her crumbling house, and the threat of her parents’ divorce. When her father joins the hunt for the killer terrorizing their seaside town, Ruby tries to help in the hopes of keeping him close. But she soon learns that real evil is much scarier than the things that go bump in the night. “Bauer at her best . . . The true heir to the great Ruth Rendell.” —The Mail on Sunday “The novel lingers in the mind like an unwelcome guest, albeit one with a dark sense of humor . . . Powerful, compelling reading.” —The Spectator “Belinda Bauer’s thrillers are always compelling, always original, always brilliant. I will rush to read anything she writes.” —Mark Billingham “Blends a murder mystery with a blackly comic look at the gradual erosion of ‘normal’ family life. You won’t want to put it down.” —Bella

Two dogs each claim a bone they have found and ask passersby for help in deciding ownership.

Children are being stolen from cars & each disappearance is marked only by a terse note - a brutal accusation. There are no explanations, no ransom demands & no hope. Policeman Jonas Holly faces a precarious journey into the mind of the kidnapper.
