Free Assisted Living Operational Guidelines

Given their congregate nature and population served, assisted living facilities (ALFs) are at high risk for SARS-CoV-2 spreading among their residents. If infected with SARS-CoV-2, the virus that causes COVID-19, assisted living residents—often older adults with underlying medical conditions—are at increased risk for severe illness.

The well-being of our loved ones is a great thing of importance to everybody. When it comes to senior citizens, the level of care rapidly increases due to their requirements that make essential to have constant monitoring of their activities. However, their care is greatly enhanced especially in the cases where the users have access to an assisted living software.
