by Pitman ...

Pitman was asked to create a shorthand system of his own in 1838. He had used Samuel Taylor's system for seven years, but his symbols bear greater similarity to the older Byrom system. The first phonetician to invent a system of shorthand, Pitman used similar-looking symbols for phonetically related sounds.

In Pitman, you write the consonant sounds first to form a shorthand "outline" and then, if necessary, mark in the vowels. In many instances, no vowel marks are necessary. Vowels should, however, be marked in full the first time a proper name is mentioned (or if the name has an unfamiliar spelling, it should be spelled out in regular letters).
