The first practical guide to applying the ancient healing art of Hawaiian shamanism to our modern lives. Uniquely suited for use in today's world, Hawaiian shamanism follows the way of the adventurer, which produces change through love and cooperation—in contrast to the widely known way of the warrior, which emphasizes solitary quests and conquest by power. Now, even if you can't get out into the wilderness or undertake a long apprenticeship with a shaman, you can learn to practice the art of shamanism. You'll learn how to: —Interpret and change your dreams —Heal yourself, your relationships, and the environment —Cast the shaman stones to foretell the future —Design and perform powerful rituals —Shapechange —Make vision quests to other realities And more.

" Reality is experience, and experience is reality. " says Hawaiian shaman Serge King, speaking of Huna, the esoteric tradition in which he was reared.King emphasizes that all of us have the ability to shift from one world to another. The difference is that shamans do it purposefully, while the rest of us are unaware of it. He trains us to engage in the process consciously in order to expand our human potential. Among books on Huna, this one is unique for offering actual practices for changing our reality to create the life we want. In a user-friendly, conversational style, King` s chapters explain the four worlds of a shaman and basic Huna principles. Then, citing case studies, he guides us in how to change reality in each of the four worlds, bringing in ESP, telepathy, the perception of auras, telekinesis, dreaming, magical flight, and, finally, soul retrieval and the great power of healing. " It sounds simple. " says King, " and it is. The most difficult part is to accept the simplicity, because that means changing one's idea about what reality is. And that's what this book is all about."

Huna philosophy is about learning to become a conscious cocreator with the Universe. Hawaiian shaman King uses Kahuna healing methods to help us access the hidden energy of life, develop powers of concentration, and make friends with the deepest aspect of our being. Learn how your Higher Self, or aumakua, is contacted in the dream dimension. Get in touch with the Mana, the hidden energy of life. Develop higher powers of concentration by utilizing the tikis, created images of sight, sound, and feeling in meditation. Become aware of your subconscious, an integral part of your being, which impatiently awaits communion with the ego.

Huna is ancient and at the same time magnificently modern.The mystical practice of Kahuna evolved in isolation on the island paradise of Hawaii. The ancient Hawaiians valued words, prayer, their gods, the sacred, the breath, a loving spirit, family ties, the elements of nature, and mana-the vital life force-ideas profound yet elegantly simple. Discovering the concepts of Huna is like finding gemstones in a mountain-a joyous journey!

This exuberant guide is special among the many books on relationships because of Serge King` s seasoned perspective as a master Huna shaman and alternative healer. " The problem between two people is never a ` relationship ` that isn't working. " he says. " It is always that one or both of them don` t know how to relate in a better way. The real problem is behavioral, and it` s easier to change behavior than to change an abstraction called a ` relationship. ` " King teaches the best methods for creating healthier relationships of all kinds—with family members, friends, lovers and spouses, and the rest of the world as well as with our own body, mind, and spirit. In a warm, conversational style, he shows us how to shift our behavior using holistic techniques based on his shamanistic understanding of consciousness. He also gives the antidotes for specific relationship problems caused by such feelings as fear, anger, and alienation. " Many people spend their entire lives seeking to know the rules of the universe, " he says, " so I` ve decided to save them a lot of time by giving them out now, for free. The better we understand these rules the easier it will be for us to grow, to heal, and to have a good time."

A simple practice to heal your past and cleanse negative memories to live a more peaceful and harmonious life • Details how to apply Ho'oponopono to deal with traumatic past events, destructive thought patterns, family dynamics, daily annoyances, or any other disagreeable event in your life, from traffic jams to relationship break-ups • Draws on the new science of epigenetics and quantum physics to explain how Ho'oponopono works • Explains how the trauma of past events can cloud our perceptions and reveals how to break free from the weight of your memories Based on an ancestral Hawaiian shamanic ritual, the healing practice of Ho'oponopono teaches you to cleanse your consciousness of negative memories, unconscious fears, and dysfunctional programming and grant yourself forgiveness, peace, and love. The process is deceptively simple—first you must recognize your own responsibility for creating the events in your life, then you are ready to apply the mantras of Ho'oponopono: I` m sorry, Forgive me, Thank you, I love you. Repeated several times over a dedicated interval, the negativity is replaced with inner peace, love, and harmony—and, as the stories in this book show, sometimes even miracles take place. In this step-by-step guide, the authors explain how to apply Ho'oponopono to traumatic past events, destructive thought patterns, family dynamics, daily annoyances, or any other disagreeable event in your life, from traffic jams to relationship break-ups. Drawing on quantum physics and epigenetics, they explore how Ho'oponopono works—how thoughts and consciousness can affect the expression of your DNA, the materialization of your goals, and the behavior of those around you. They explain how negative thought patterns and memories unconsciously guide your life and draw more negativity to you, perpetuating the cycle of bad events and clouding your recollection of the past. By apologizing to yourself, your memory, and the event in question, you can forgive yourself, heal your memories, and cleanse your perceptions. By reconciling with yourself, you open your heart to love for your experiences, yourself, and others and bring harmony to your mind, body, and the world around you.

Powerful yet concise, this revolutionary guide summarizes the Hawaiian ritual of forgiveness and offers methods for immediately creating positive effects in everyday life. Exploring the concept that everyone is deeply connected — despite feelings of singularity and separation — four tenets are disclosed for creating peace with oneself and others: I am sorry, Please forgive me, I love you, and Thank you. Offering practical exercises, this simple four-step system encourages readers to focus on difficult conflicts within personal relationships and heal the past. By addressing these issues, owning one's feelings, and accepting unconditional love, unhealthy situations transform into favorable experiences. The final chapters delve into love, relationships, health, career and healing the planet.
