Premier Daniel Andrews said the move is about ensuring 'our smallest Victorians get the very best start'. The state government estimates it will save families about \$2000 a year. Victorian kinder ...

*In the first detailed study of its kind, James Gregory's book takes a historical approach to mercy by focusing on widespread and varied discussions about the quality, virtue or feeling of mercy in the British world during Victoria's reign. Gregory covers an impressive range of themes from the gendered discourses of 'emotional' appeal surrounding Queen Victoria to the exercise and withholding of royal mercy in the wake of colonial rebellion throughout the British empire. Against the backdrop of major events and their historical significance, a masterful synthesis of rich source material is analysed, including visual depictions (paintings and cartoons in periodicals and popular literature) and literary ones (in sermons, novels, plays and poetry). Gregory's sophisticated analysis of the multiple meanings, uses and operations of royal mercy duly emphasise its significance as a major theme in British cultural history during the 'long 19th century'. This will be essential reading for those interested in the history of mercy, the history of gender, British social and cultural history and the legacy of Queen Victoria's reign.*

The Victorian age was a period of transition as Britain industrialized and society underwent profound changes. Here, contemporary voices provide students with an up-close look at this pivotal time. • Presents and comments on 68 excerpts from primary documents of the Victorian era, 1837–1901 • Details selected topics—such as Victorian Ireland, Social Darwinism, the marriage market, and homosexuality—in numerous sidebars • Points readers to books and websites that can expand their understanding of a document and relate it to themes and issues in modern life • Suggests methods students can use to successfully incorporate the documents into school research and reading projects • Includes a chronology listing important dates and events from the birth of Princess Victoria in 1819 to the end of the Boer War in 1902

For a long time, the main role of First Ladies was to act as hostesses of the White House...until Eleanor Roosevelt. Born in 1884, Eleanor was not satisfied to just be a glorified hostess for her husband, President Franklin Delano Roosevelt. Eleanor had a voice, and she used it to speak up against poverty and racism. She had experience and knowledge of many issues, and fought for laws to help the less fortunate. She had passion, energy, and a way of speaking that made people listen, and she used these gifts to campaign for her husband and get him elected president-four times! A fascinating historical figure in her own right, Eleanor Roosevelt changed the role of First Lady forever.

Wide Neighborhoods is the autobiography of Mary Breckinridge, the remarkable founder of the Frontier Nursing Service. It is equally the story of the unique organization she founded in the mountains of Eastern Kentucky in 1925 -- the Frontier Nursing Service. Riding out on horseback, the FNS nurse-midwives, the first of their profession in this country, proved that high mortality rates and malnutrition need not be the norm in remote rural areas. The FNS, through its example and through the graduates of tis school of midwifery and family nursing, has exerted a lasting influence on family health care throughout the world.

This study of gender and power in Victorian Britain is the first book to examine the contribution made by women to the public culture of the British aristocracy in the 19th century. Based on a wide range of archival sources, it explores the roles of aristocratic women in public life, from their country estates to the salons of Westminster and the royal court. Reynolds also shows that a partnership of authority between men and women was integral to aristocratic life, thus making an important contribution to the separate spheres debate. Moreover, she reveals in full the crucial role that these women played at all levels of political activity--from local communities to the national electoral process. The book is both a lively portrait of women's experiences in modern Britain and a corrective to the view of the upper-class Victorian woman as a passive social butterfly.

Free and Embodied: Source Readings in the Development of Victorian Feminism covers the knowledge gap in the field of Victorian feminist studies. This book is the outgrowth of a college course on the Victorian Woman. This book is composed of ten chapters, and begins with an introduction to womanhood. The succeeding chapters deal with the emergence of feminism and the introduction of the Victorian Feminism movement as part of social adjustment. Other chapters are devoted to controversial issues in women's right, including education, emancipation, work, and political rights. The final chapters discuss the achievements of the Victorian Feminism movement. This book will prove useful to sociologists.

Florence Nightingale: A Reference Guide to Her Life and Works cover all aspects of her life and works, from her birth in Florence to her death in London.
