Aston Martin One-77 - Thunderous Startups, Huge revs and an Overview One 77 Aston Martin The Aston Martin One-77 is a two-door, two-seater flagship sports car built by the British car manufacturer Aston Martin. The car was first shown at the 2008 Paris Motor Show, although it remained mostly covered by a "Savile Row tailored skirt" throughout the show. It was revealed in full at the 2009 Geneva Motor Show, and deliveries from the beginning of 2011. The production of the One-77 was limited to 77 cars, forming part of the name One-77, and sold for GB£1,150,000. In May 2012, one ...

Aston Martin One-77 - Wikipedia
The Ultimate Aston Martin Fusing advanced technology with stunning design, the million-pound, 7.3 litre V12 One-77 was revealed as the fastest-ever Aston Martin, with a top speed of 220 mph. It represents what is possibly the world's most desirable automotive art form, with an immensely rigid lightweight carbon fibre monocoque clad in a seamless bodyshell handcrafted from aluminium at its heart

It represents what is possibly the world's most desirable automotive art form, with an immensely rigid lightweight carbon fibre monocoque clad in a seamless bodyshell handcrafted from aluminium at its heart

Aston Martin One-77 | Aston Martin | Aston Martin
Traits such as the wide grille and the shape of the headlamps make it clear that the One-77 is part of the Aston Martin family. Nevertheless, the low-slung frame of the vehicle (it is just 48.1 " , or 1222mm, tall), along with its large rear haunches and the more rearward location of the cabin, give the car a highly individual profile.

Aston Martin ONE-77 - Start up & Driving! - YouTube
In the history of Aston Martin there were only three true supercars: the prototype Bulldog, the elegant One-77 and the futuristic Valkyrie. One 77 is not the rarest of them, but only because Bulldog was one-off as a concept car. As the name implies, Aston Martin built only 77 of these machines, the last seven of which were designed under the Q by Aston Martin personalization program.
