This 1985 book presents a selection of ten of the most significant contributions to *Faire de l'histoire*, a major three-volume exposition of the fresh state of French historiography first published in 1974. All the essays were commissioned from historians representing the best of the 'Annales' tradition, including Emmanuel le Roy Ladurie, François Furet and Georges Duby.

actions. Five primary ideas provide the topics as well as the intellectual parameters for this book: archive, time, space, identity, and narrative. Taking these as the conceptual framework for historical research and analysis, the essayists cover an expansive range of case studies and problems in the historical study of performance from the Americas to Africa and from Europe to India and China. Considering not only how historians think about these concepts in their research and writing but more pointedly—and historiographically—how they think with them, the essayists demonstrate the power and centrality of each of these five ideas in historical scholarship from initial research to the writing of essays and books. Performance history has a diversity of identities, locations, sources, and narratives.

File Type PDF Representing The Past Essays In Performance Historiography

This compelling engagement with the concepts essential to historical understanding is a valuable contribution to the historiography of performance—for students, teachers, and the future of the discipline itself. Expanding upon its classic predecessor, *Interpreting the Theatrical Past: Essays in the Historiography of Performance*, this exciting new collection illustrates the contemporary richness of historical thinking and writing in the field of performance history.

This edited collection explores the intersection of historical studies and the artistic representation of the past in the long nineteenth century. The case studies provide not just an account of the pursuit of history in art within Western Europe but also examples from beyond that sphere. These

File Type PDF Representing The Past Essays In Performance Historiography

cover canonical and conventional examples of history painting as well as more inclusive, ' popular ' and vernacular visual cultural phenomena. General themes explored include the problematics internal to the theory and practice of academic history painting and historical genre painting, including compositional devices and the authenticity of artefacts depicted; relationships of power and purpose in historical art; the use of historical art for alternative Liberal and authoritarian ideals; the international cross-fertilisation of ideas about historical art; and exploration of the diverse influences of socioeconomic and geopolitical factors. This book will be of particular interest to scholars of the histories of nineteenth-century art and culture.

File Type PDF Representing The Past Essays In Performance Historiography

Through literary analysis and comparison with modern historical theory, this volume examines the narrative representation of familiar historical concepts such as causation, significance, evaluation and coherence of past events in the book of Samuel.

This book provides a critical study of how China was represented on the historical London stage in selected examples from the late seventeenth century to the early twentieth century—which corresponds with the Qing Dynasty (1644-1911), China ' s last monarchy. The examples show that during this historical period, the stage representations of the country were influenced in turn by

File Type PDF Representing The Past Essays In Performance Historiography

Jesuit writings on China, Britain ' s expanding material interest in China, the presence of British imperial power in Asia, and the establishment of diasporic Chinese communities abroad. While finding that many of these works may be read as gendered and feminized, Chang emphasizes that the Jesuits ' depiction of China as a country of high culture and in perennial conflict with the Tartars gradually lost prominence in dramatic imaginations to depictions of China ' s material and visual attractions. Central to the book ' s argument is that the stage representations of China were inherently intercultural and open to new influences, manifested by the evolving combinations of Chinese and English (British) traits. Through the dramatization of the Chinese Other, the representations

File Type PDF Representing The Past Essays In Performance Historiography

questioned, satirized, and put in sharp relief the ontological and epistemological bases of the English (British) Self.

This book argues that US theatre in the 20th century embraced the theories and practices of internationalism as a way to realize a better world and as part of the strategic reform of the theatre into a national expression. Live performance, theatre internationalists argued, could represent and reflect the nation like no other endeavour.

We live in a "museum age," and sport museums are part of this phenomenon. In this book, leading international sport history scholars examine sport museums including renowned institutions like the Olympic Museum in the Swiss

File Type PDF Representing The Past Essays In Performance Historiography

city of Lausanne, the Babe Ruth Birthplace and Museum in Baltimore, the Marylebone Cricket Club Museum in London, the Croke Park Museum in Dublin, and the Whyte Museum in Banff. These institutions are examined in a broad context of understanding sport museums as an identifiable genre in the "museum age", and more specifically in terms of how the sporting past is represented in these museums.

Historians explain, debate and critique sport museums with the intention of understanding how this important form of public history represents sport for audiences who see museums as institutions that are inherently reliable and trustworthy.

This book offers a new approach to the representation of
