Implementing Service Learning in Higher Education

Service-Learning in Higher Education critically examines the assumptions and implications of service-learning and offers exemplary models of practice and scholarship. It explores the limits and possibilities of teaching for social justice; it examines paramount issues of institutionalization; and it investigates issues of student resistance, student voice, and contested issues around race, class, and gender.

(PDF) Service Learning in Higher Education: Evidence from ...

Higher education is tertiary education leading to award of an academic degree. Higher education, also called post-secondary education, third-level or tertiary education, is an optional final stage of formal learning that occurs after completion of secondary education. It represents levels 6, 7 and 8 of the 2011 version of the International Standard Classification of Education structure.
