With rights sold around the world, this irreverent comic adventure spanning three continents is poised to be one of the most talked about fiction débuts of the year. A Fraction of the Whole marks the arrival of an ambitious new writer who deftly mixes humour, surprise, and astute observations of the human condition to create a novel that entertains, scandalizes, and enlightens. Martin Dean spent his entire life analyzing absolutely everything - from the benefits of suicide to the virtues of strip clubs versus brothels. Now that he's dead, his son Jasper can fully reflect on the man who raised him in intellectual captivity. As he recollects the extraordinary events that led to his father's demise, Jasper recounts a boyhood of outrageous schemes and shocking discoveries - about his infamous and long dead criminal uncle, his tortured and mysteriously absent European mother, and Martin's constant losing battle to make a lasting impression on the world. It's a story that takes them from the Australian bush to the cafés of bohemian Paris, from the Thai jungle to labyrinths, mental hospitals, and criminal lairs, from the highs of first love to the lows of rejection and failed ambition. The result is an uproarious indictment of the ridiculousness of the modern world and its mores, and the moving, memorable story of a father and son whose spiritual symmetry transcends all their many shortcomings. I spent the next day staring into empty space. I get a lot of joy out of air, and if sunlight hits the floating specs of dust so you see the whirling dance of atoms, so much the better. During the day, Dad breezed in and out of my room and clicked his tongue, which in our family meant: 'You're an idiot.' In the afternoon, he came back in with a loaded grin. He had a brilliant idea, and couldn't wait to tell me about it. It had suddenly occurred to him to throw me out of the house, and what did I think of his brainwave? I told him I was concerned about him eating all his meals alone because the clinking of cutlery on a plate echoing through an empty house is one of the top five depressing noises of all time. --from A Fraction of the Whole

Meet the Deans "The fact is, the whole of Australia despises my father more than any other man, just as they adore my uncle more than any other man. I might as well set the story straight about both of them . . ." Heroes or Criminals? Crackpots or Visionaries? Families or Enemies? ". . . Anyway, you know how it is. Every family has a story like this one." Most of his life, Jasper Dean couldn't decide whether to

pity, hate, love, or murder his certifiably paranoid father, Martin, a man who overanalyzed anything and everything and imparted his self-garnered wisdom to his only son. But now that Martin is dead, Jasper can fully reflect on the crackpot who raised him in intellectual captivity, and what he realizes is that, for all its lunacy, theirs was a grand adventure. As he recollects the events that led to his father's demise, Jasper recounts a boyhood of outrageous schemes and shocking discoveries—about his infamous outlaw uncle Terry, his mysteriously absent European mother, and Martin's constant losing battle to make a lasting mark on the world he so disdains. It's a story that takes them from the Australian bush to the cafes of bohemian Paris, from the Thai jungle to strip clubs, asylums, labyrinths, and criminal lairs, and from the highs of first love to the lows of failed ambition. The result is a rollicking rollercoaster ride from obscurity to infamy, and the moving, memorable story of a father and son whose spiritual symmetry transcends all their many shortcomings. A Fraction of the Whole is an uproarious indictment of the modern world and its mores and the epic debut of the blisteringly funny and talented Steve Toltz.

Incorporating death, parenting (good and bad kinds), one labyrinth, first love, a handbook for criminals, a scheme to make everyone rich and an explosive suggestion box, Steve Toltz's *A Fraction of the Whole* is a hilarious, heartbreaking story of families and how to survive them. 'Riotously funny. . . deserves a place next to *A Confederacy of Dunces*.' Wall Street Journal 'A rich father-and-son story packed with incident, humour and characters reminiscent in styles of Charles Dickens and John Irving. . . *A Fraction of the Whole* soars like a rocket.' LA Times 'A grand achievement and the debut of a great comic talent. But it also has a heart. . . go away and read it.' Sunday Times 'Toltz brings all the energy and assurance of a young Peter Carey to this burlesque, bravura performance.' Irish Times 'A gloriously absorbing, preposterous and funny excursion to the brink of madness and the meaning of life.' Sunday Telegraph

This fearlessly funny, outrageously inventive dark comedy about two lifelong friends is "a delightful literary novel...extraordinarily imaginative" (Psychology Today) from Man Booker Prize finalist Steve Toltz—for fans of Dave Eggers, Martin Amis, and David Foster Wallace. Liam is a struggling writer and a failing cop. Aldo, his best friend and muse, is a haplessly criminal entrepreneur with an uncanny knack for disaster. As Aldo's luck worsens, Liam is inspired to base his next book on his best friend's exponential misfortunes and hopeless quest to win back his one great love: his ex-wife, Stella. What begins as an attempt to make sense of Aldo's mishaps spirals into a profound story of faith and friendship. "Steve Toltz channels a poet's delight in crafting the perfect phrase on every highly quotable page" (Publishers Weekly). With the same originality, brilliance, and buoyancy that catapulted his first novel, *A Fraction of the Whole*, onto prize lists around the world, Toltz has created a rousing, hysterically funny but unapologetically dark satire about love, faith, friendship, and the artist's obligation to his muse. *Quicksand* is a subversive portrait of twenty-first-century society in all its hypocrisy and absurdity that "confounds and astonishes in equal measure, often on the same page...A tour de force" (Australian Book Review).

Judd Foxman is thrown together with his dysfunctional family when his father dies, while at the same time coping with his wife's infidelity and the end of his marriage.

Set in late 1980s Europe at the time of the fall of the Berlin Wall, *Black Dogs* is the intimate story of the crumbling of a marriage, as witnessed by an outsider. Jeremy is the son-in-law of Bernard and June

Tremaine, whose union and estrangement began almost simultaneously. Seeking to comprehend how their deep love could be defeated by ideological differences Bernard and June cannot reconcile, Jeremy undertakes writing June's memoirs, only to be led back again and again to one terrifying encounter forty years earlier—a moment that, for June, was as devastating and irreversible in its consequences as the changes sweeping Europe in Jeremy's own time. In a finely crafted, compelling examination of evil and grace, Ian McEwan weaves the sinister reality of civilization's darkest moods—its black dogs—with the tensions that both create love and destroy it.

A lot of remarkable things have happened in the life of Sam Pulsifer, the hapless hero of this incendiary novel, beginning with the ten years he spent in prison for accidentally burning down Emily Dickinson's house and unwittingly killing two people. Emerging at age twenty-eight, he creates a new life and identity as a husband and father. But when the homes of other famous New England writers suddenly go up in smoke, he must prove his innocence by uncovering the identity of this literary-minded arsonist. In the league of such contemporary classics as *A Confederacy of Dunces* and *The World According to Garp*, *An Arsonist's Guide to Writers' Homes in New England* is an utterly original story about truth and honesty, life and the imagination.

The Bowhead Whale: Balaena mysticetus: Biology and Human Interactions covers bowhead biology from their anatomy and behavior, to conservation, distribution, ecology and evolution. The book also discusses the biological and physical aspects of the Arctic ecosystem in which these whales live, with careful attention paid to the dramatic changes taking place. A special section of the book describes the interactions of humans with bowheads in past and present, focusing on their importance to Indigenous communities and the challenges regarding entanglement in fishing gear, industrial noise and ship strikes. This volume brings together the knowledge of bowheads in one place for easy reference for scientists that study the species, marine mammal biologists, but, equally important, for everyone who is interested in the Arctic. Presents the only current book dedicated to this species Includes short, high-impact chapters that make it possible to review all bowhead biology in one compact volume Illustrated with never-before published photos of bowheads in their natural environment Provides a platform for an in-depth understanding of indigenous whaling
