Teacher Collaboration: How to Approach It In 2020. Teacher collaboration occurs when members of a learning community work together to increase student learning and achievement. If our ultimate destination as educators is student achievement, think of teacher collaboration as the journey. Collaboration is not a task to complete then move on, it's an ever-changing, ongoing process that is only enhanced by social networks and access to new technology.

Online Library The Collaborative Teacher Study Guide

Cooperative and collaborative learning have been a part of educational instruction for centuries. However, it has recently experienced a resurgence in the American school system. Instructors and schools can put together groups that work either for short- or long-term periods. Technology may play a part in collaboration, but it isn't required.
