Of Totalitarianism

The Origins of Totalitarianism, published in 1951, was Hannah Arendt 's first major work, wherein she describes and analyzes Nazism and Stalinism as the major totalitarian political movements of the first half of the 20th century. The book is regularly listed as one of the best non-fiction books of the 20th century.

Antisemitism, Dr. Hannah Arendt traces the rise of antisemitism to Central and Western European Jewish history during the 19th century. With the appearance of the first political activity by antisemitic parties in the 1870s and 1880s, Arendt states, the machinery that led to the horrors of the Holocaust was set in motion. The Dreyfus Affair, in Arendt's view, was "a kind of dress rehearsal"—the first modern use of antisemitism as an instrument of public policy and of hysteria as a political weapon. Bookmark File PDF The Origins Of Totalitarianism

Upon publication of her 'field manual,' *The Origins of Totalitarianism*, in 1951, Hannah Arendt immediately gained recognition as a major political analyst. Over the next twenty-five years, she wrote ten more books and developed a set of ideas that profoundly influenced the way America and Europe addressed the central questions and dilemmas of World War II. In this concise book, Elisabeth Young-Bruehl introduces her mentor's work to twenty-first-century readers. Arendt's ideas, as much today as in her own lifetime, illuminate those issues that perplex us, such as totalitarianism,

terrorism, globalization, war, and 'radical evil.' Elisabeth Young-Bruehl, who was Arendt's doctoral student in the early 1970s and who wrote the definitive biography of her mentor in 1982, now revisits Arendt's major works and seminal ideas. Young-Bruehl considers what Arendt's analysis of the totalitarianism of Nazi Germany and the Stalinist Soviet Union can teach us about our own times, and how her revolutionary understanding of political action is connected to forgiveness and making promises for the future. The author also discusses *The Life of the Mind*, Arendt's unfinished

meditation on how to think about thinking. Placed in the context of today's political landscape, Arendt's ideas take on a new immediacy and importance. They require our attention, Young-Bruehl shows, and continue to bring fresh truths to light.

In this stimulating collection of studies, Dr. Arendt, from the standpoint of a political philosopher, views the crises of the 1960s and early '70s as challenges to the American form of government. The book begins with "Lying in Politics," a penetrating analysis of the Pentagon Papers that deals

Bookmark File PDF The Origins Of Totalitarianism

with the role of image-making and public relations in politics. "Civil Disobedience" examines the various opposition movements from the Freedom Riders to the war resisters and the segregationists. "Thoughts on Politics and Revolution," cast in the form of an interview, contains a commentary to the author's theses in "On Violence." Through the connected essays, Dr. Arendt examines, defines, and clarifies the concerns of the American citizen of the time.--From publisher description.
