In *The Teacher and the World*, David T. Hansen provides teachers with a way to reconstruct their philosophies of education in light of these conditions. He describes an orientation toward education that can help them to address both the challenges and opportunities thrown their way by a globalized world.

Opening with a broad historical overview of global teacher education models beginning in the late eighteenth century, *Teaching the World's Teachers* argues that the field has long been characterized by cross-border connections—but shaped by geopolitical hierarchies of power. In an era when teacher quality is widely recognized as one of the most important factors in a child's education, this volume encourages dialogue among teacher educators and policymakers around the world.

Teachers who make a significant difference in their students' lives – sometimes against all odds – deserve to be celebrated. The Global Teacher Prize does just that, awarding \$1 million to an exceptional teacher who has made an outstanding contribution to their profession. These are the Top 10 Finalists for the 2017 Global Teacher Prize.

In many parts of the world, the recent expansion of education has implied reductions in pupil-teacher ratios. Not everywhere though. In Sub-Saharan Africa, the average number of pupils per teacher in primary education is higher today than two decades ago. In general, pupil-teacher ratios tend to be lower in richer countries.

t. e. In Theosophy, Maitreya or Lord Maitreya is an advanced spiritual entity and high-ranking member of a hidden Spiritual Hierarchy, the Masters of the Ancient Wisdom. According to Theosophical doctrine, one of the Hierarchy's functions is to oversee the evolution of humankind; in accord with this function Maitreya is said to hold the Office of the World Teacher.

## *Maitreya (Theosophy) - Wikipedia*

A teacher is a person who helps students to acquire knowledge, competence or virtue. Informally the role of teacher may be taken on by anyone. In some countries, teaching young people of school age may be carried out in an informal setting, such as within the family, rather than in a formal setting such as a school or college. Some other professions may involve a significant amount of teaching. In most countries, formal teaching of students is usually carried out by paid professional teachers. T

World Teachers' Day is celebrated around the world on the 5th of October. It is also known by some as International Teachers' Day. The event was established in 1994 and it commemorates the signing of the 1966 UNESCO/ILO Recommendation concerning the status of teachers. To celebrate this day, the UNESCO runs a campaign every year to help the world gain a better understanding of teachers and the impact they have on the development of students within society.

For Rim of the World, there is a great solution to this and once again, it's built around listening. "We don't just purchase a textbook without the teachers piloting several and then picking their own," explains Murphy. "But again, it's important to touch base with the people and the kids that are using it.
