Savage is a pain to tame because: 1) He takes random turns on his path. 2) The NPCs will keep attacking you while you track or start a tame. 3) The time for which savage stays within the flare is very short. Hunter's mark did not work on him, freezing trap did not work. Even hitting him with arcane shot had no effect, he did not aggro.

Viscount Demorte is everything she dreams of.With a reputation that covers blackmail, murder and madness, cruelly handsome Lord Gabriel Greyston, Viscount Demorte, is far more dangerous than any wounded dog, and his bite ... just might leave Crecy ruined beyond repair.

THE OFFICIAL NORTH AMERICAN EDITION After moving with his wife and two children to a smallholding in Ireland, Paul Kingsnorth expects to find contentment. It is the goal he has sought - to nest, to find home - after years of rootlessness as an environmental activist and author. Instead he finds that his tools as a writer are falling him, calling into question his foundational beliefs about language and setting him at odds with culture itself. Informed by his experiences with indigenous peoples, the writings of D.H. Lawrence and Annie Dillard, and the day-to-day travails of farming his own land, Savage Gods asks: what does it mean to belong? What sacrifices must be made in order to truly inhabit a life? And can words ever paint the truth of the world - or are they part of the great lie which is killing it?
