File Type PDF Truseq Enrichment Guide

TruSeq RNA Exome, previously known as the TruSeq RNA Access Library Prep Kit, converts total RNA into template molecules of known strand origin, followed by sequence-specific capture of coding RNA. This provides a low-cost solution for analyzing human RNA isolated from formalin-fixed, paraffin-

File Type PDF Truseq Enrichment Guide

embedded (FFPE) tissues and other low-quality samples. Affordability and focus—Isolating human transcriptome coding regions maximizes discovery power at a fraction of the sequencing depth.
