This is the fourth edition of the Baker & McKenzie International Arbitration Yearbook, an annual series established by the Firm in 2007. This collection of articles is comprised of reports in key jurisdictions around the globe on arbitration. Leading lawyers of the Firm's International Arbitration Practice Group, a division of the Firm's Global Dispute Resolution Practice Group, report on recent developments in national laws relating to arbitration and address current arbitral trends and tendencies in the jurisdictions in which they practice. This Yearbook highlights the more important recent developments in international arbitration, without aspiring to be an exhaustive case reporter or a textbook to arbitration in the broad sense. This volume will prove a useful tool for those contemplating and using arbitration to resolve international business disputes.
